Dear Greenmount families,

Nature Play

The new nature play area has now been completed on the Senior Oval. It looks amazing with a tyre swing and tyre climbing wall, stepping logs, fort and climbing pole. Once Kid Safe have been to inspect and given their approval, within the next week or two, it will be opened up to students.

SHED CLEARANCE

As mentioned in the last newsletter, we have some items available for collection for anyone who is interested. These can be collected outside the shed by the Kiss and Drive on Monday, Wednesday and Friday from 30th May, not 20th May as previously stated.

HEADLICE

Please be aware that we have had a few cases of headlice reported by parents this term. With this in mind, can all parents be vigilant and inspect their child’s hair regularly in order to break the cycle of head lice infestation. If your child has headlice, the Admin staff will contact you to collect your child so that they can be treated. Once treated your child can be returned to school.

It is important that any child affected with headlice is treated if the cycle of infestation is to be broken. ALL parents are asked to check, treat and monitor their children for headlice, as this has been an ongoing problem amongst some junior classes. A once off treatment does not guarantee that the eggs or adult lice have been removed. It is essential that treatment is ongoing over a 10 day period, and that hair is regularly combed to remove ALL eggs. More information may be obtained from healthywa.wa.gov.au

Parking

Please note two important reminders regarding parking around the school. Firstly, we have been made aware of some parents parking on neighbouring properties, blocking owners’ access to their driveways and leaving rubbish on verges. Sadly, this does not reflect well on the school.

Secondly, parents using the staff car park for dropping off and picking up of students are reminded that the staff car park is specifically for staff, disabled parking and Day Care buses only. Whilst we appreciate that at the start and end of school there is congestion in parking areas, it is important to be mindful of student safety and availability of parking for students who have specific requirements. Your cooperation with regard to these matters is very much appreciated.
