GREENMOUNT PRIMARY SCHOOL

16th February 2022

Dear Greenmount families,

Thank you to all for your tremendously positive response and support of the changes we have implemented around safety and well being during current COVID restrictions.

As required, we have made some changes to movement around the school to minimise contact between different classes and adults on site. The students have adapted quickly to the revised play area schedule where Rooms 5-10 use the oval on one day, the courts on the next day, alternating with students from Room 12-17. Our younger students from Rooms 1-4 continue to use their familiar playground and surrounds.

Staggered exit times are running smoothly—thank you for your cooperation! A reminder that the exit times are as follows:

2.45pm - Kindy students, Pre-primary students, and all family groups (students with siblings in the school)

2.55pm - All students without siblings in the school

3.00pm— All after school care students (family groups or individuals)

At this stage, parents and carers are not able to enter classrooms and masks must be worn on school site. We are also encouraging parents and carers to pick up and drop off from the school gates where possible, and leave school grounds promptly before and after school.

As we are not able to hold our usual introductory classroom meetings, all teachers have prepared an Information Package which will be sent out to all families next Wednesday.

This is information around classroom routines and expectations specific to your child's class.

On Entry Assessments

On Entry assessment of all Pre primary and Year 1 students is underway. This is a one to one series of assessments which will provide essential information around literacy and numeracy development and guide planning for our young students. Parents and carers will receive information from assessments late this term.

Training

Training and practice is well underway for our faction carnival which is being held across three days this term with the main event on Thursday 24th March. It's wonderful to see all the kids and helpers out early doing their best—thanks to parents who are helping out with the practice and trials.

On line Learning

The PEAC (Primary Extension and Challenge) and EYE (Early Years Extension) programs which began this week are being run on line at this stage. Two of our younger students have demonstrated great adaptability—and excellent engagement—in their first lessons this morning. A huge thank you to Mrs McEwen for organising the set up so efficiently!
