

## What is Connect?

Connect is a secure online environment developed by the Department of Education for staff, students and parents in public schools. It gives our teachers a tool to deliver content to students via an online classroom. For you, Connect provides easy access to information relevant to your child's learning.

Schools can use Connect to keep you updated with important information. Things like up-coming events, excursions, classroom activities, photos and stories can be sent to you via email or, if you prefer, via a push notification on your phone.

The Connect Now app can be downloaded from the [Apple App Store](#) or [Google Play](#).

You will soon receive your login details via the email address we have on file for you. If you have recently changed your email address, please let us know as soon as possible so we can update our details.
